INTRODUCTION

The school staff warmly welcomes your child to St Brendan’s School, Dunnstown.

From the beginning you should be aware of the school’s desire for your child’s school days to be happy and successful.

At St Brendan’s we aim to create an atmosphere in which both children and staff can grow and develop as a Christian community loved by God. We aim to extend this to a sense of belonging and welcome within the wider community of home, school and parish.

Our understanding of the real beauty and value of the individual leads us to aim constantly at emphasising those aspects of life and learning which will enable each person to continue to grow as a unique being.

The following information is given to help you understand the general school routine, the ethos and the wider community to help you prepare your child for school.
The History of St Brendan's School, Dunnstown

Catholic Education has played a prominent role in the development of the Bungaree Parish and the district of Dunnstown for over one hundred and forty one years.

The school had its origins in 1858 in a wooden building known as the Catholic School Shed, situated not far from its present site.

Throughout its history, the school has been staffed by a combination of religious orders and lay teachers. We owe a great deal to the teaching sisters of the Black Josephite Order, who taught here for ten years, the Presentation Sisters for forty four years and the Sisters of Mercy for thirteen years, as well as the dedicated lay teachers who have taught in the school. Above all, as history shows, it has been the continuing support from the community that has enabled the school to endure and prosper for so many years.

The school was named by the Josephites as St. Brendan’s around 1900, but when the church was built in the school site in 1905 and the school was moved to an area behind the church, it was renamed St. Mary’s.

The old wooden building was replaced by a modern brick structure in 1952 and Bishop O’Collins placed the school under the patronage of St Brendan’s.

A newspaper article published at the time of the opening recorded, “The School Committee had made itself responsible for funding the project (an amount of six thousand pounds) and the Mother’s Club had furnished the school, and the Children of Mary had given it the finishing touches.”

This community involvement continues today and success of the school and Catholic Education depends largely on the partnership between the community and the teaching staff.

Procedures and Response to Student Absences

It is a requirement of the Department of Education and Early Childhood Development that accurate
records of student’s absences are kept by the school. We appreciate parent support in notifying the
school of their child’s absence.

Parents/guardians are requested to notify the School of the child’s absence in one of three ways:
  • (Preferred method) Use tiqbiz App prior to 9.00am to inform the School of their
   child/children’s absence and the reason for the absence. This is preferred because it
   informs all staff, including the principal simultaneously.
  • Telephone the School Office prior to 9.00 am to inform of their child/children’s absence
   and the reason for the absence.
  • Alternatively, parents may inform the class teacher/s of the absence.
  • If the absence extends beyond one day, parents/guardians are asked to contact the School
   each day the child is absent.
Office staff will contact parents/guardians by 9.30am each day to ascertain the whereabouts of any child who has not been advised absent by parents/guardians. Parents/guardians are requested to inform the Principal in advance and in writing of any anticipated extended absences from school, e.g. for health, family or holiday reasons. A request is made for a Medical Certificate if the student is absent for 2 or more consecutive days or within one teaching week.

**Early Departures**

When a student needs to leave the school during school hours, eg. to keep a dental or doctor’s appointment, parents are asked to sign the Early Departure Book in the School Office.
MISSION STATEMENT

As a community, which is Christ-centred, we will:

1. nurture and build a **RESPECTFUL** community which is engaged in a dynamic, creative learning journey in child safe schools.
2. support the development of a community of **INDEPENDENT** and RESILIENT citizens.
3. provide an **INCLUSIVE**, relevant, stimulating and challenging curriculum structured around personalized learning.
4. provide relevant and **PURPOSEFUL** feedback to our students and their families so that both school and home work together to support the child’s learning.
5. build **POSITIVE RELATIONSHIPS** through knowing and valuing each student
6. work in **PARTNERSHIPS** with our families, students and our colleagues across both schools, our Parish, our Diocese and local and wider communities.
7. promote **JUSTICE** and **HONESTY** through the building of a sense of responsibility to self and others.
VISION STATEMENT

As learning communities who are part of the Christian mission we have the task to promote the full dignity and development of all people. We are dedicated to children learning at high levels within a culture that optimizes learning for all. We will use contemporary teaching practices in all areas – academic, physical, spiritual, emotional and social – as we pass on the beliefs and traditions of our Catholic faith in an environment of care, which reflects the values of the gospel.
SCHOOL’S PHILOSOPHICAL STATEMENT

St Brendan’s School has a strong tradition of educating children from rural communities in the faith traditions of the Church and Catholic Education as a whole. As educators we believe that learning is a lifelong process in which we play an integral part in the primary sector.

We also believe that given a sound understanding of the main concepts of learning that our students will be able to make a positive contribution not only to the community they live but also to society as a whole. We hope that through positive learning encounters our students will develop into well-rounded and informed adults who continue to see the integral link between education, faith, gospel values and life.

TEACHING FOR LEARNING POLICY

RATIONALE:
At the Bungaree Parish Schools, we believe that for best learning to occur, teaching strategies must be planned remembering that all children are unique and have a need to belong and be accepted. Children’s learning is influenced by many factors including learning styles, self esteem, prior experiences, relevance, interest, talents and stage of development. Learning is an active process where children are involved and enjoy exploring and discovering for themselves. All children can learn, particularly in a positive environment where they are encouraged to take risks and explore challenges.

SCRIPTUAL CONTEXT:
“The child grew and became strong, filled with wisdom; and the favour of God was upon him:
(Luke 2:40-41)

POLICY STATEMENT:
It is the policy of the Bungaree Parish Schools that to cater for the overall development of the child, learning and teaching approaches will be adopted that ensure a quality of ‘teaching for learning’ for all students within the school. Teaching will be innovative and developmentally oriented, reflecting the beliefs of our Catholic Faith community and permeated with the arts, communication technologies, thinking processes, personal learning and interpersonal development skills.
