School Vision

As learning communities who are part of the Christian mission we have the task to promote the full dignity and development of all people. We are dedicated to children learning at high levels within a culture that optimizes learning for all. We will use contemporary teaching practices in all areas – academic, physical, spiritual, emotional and social – as we pass on the beliefs and traditions of our Catholic faith in an environment of care, which reflects the values of the gospel.

School Mission

As a community, which is Christ-centered, we will:
• nurture and build a RESPECTFUL community which is engaged in a dynamic, creative learning journey
• support the development of a community of INDEPENDENT and RESILIENT citizens where learning is highly valued.
• provide an INCLUSIVE, relevant, stimulating and challenging curriculum structured around personalised learning.
• provide relevant and PURPOSEFUL feedback to our students and their families so that both school and home work together to support the child’s learning.
• build POSITIVE RELATIONSHIPS through knowing and valuing each student.
• work in COLLABORATIVE PARTNERSHIPS with our families, students and our colleagues across both schools, our Parish, our Diocese and local and wider communities.
• promote JUSTICE, ACCOUNTABILITY and HONESTY through the building of a sense of responsibility to self and others.

Based on the original research of SAMMONS, P., HILLMAN, J. AND MORTIMORE, P. (1995) KEY CHARACTERISTICS OF EFFECTIVE SCHOOLS: A REVIEW OF SCHOOL EFFECTIVENESS RESEARCH, A report by the Institute of Education for the Office for Standards in Education, to identify the factors associated with effective schools and the Victorian DEECD adapted version of this work. (Updated in Professional Learning in Effective Schools, The Seven Principles of Effective Learning, published by Leadership and Development Branch, Office of School Education, Department of Education and Training 2005). The original study identified eleven factors:

These items feed easily into the **Five Key Aspects of Catholic Schooling**. These aspects underpin the Ballarat Diocesan School Improvement Framework
1. Catholic School Culture
2. Teaching and Learning
3. Student Wellbeing
4. Leadership and Management
5. School Community

School Improvement aims to bring about:
- enhanced wellbeing
- maximised student outcomes
- most effective pedagogy

The School Advisory Council shares in the work of St Brendan’s School. The school operates as effectively as possible.

Leadership
Advisory Council members have a leadership role within and for the school.

Good leadership is first about acknowledging that no one person has all the wisdom. It is a shared enterprise. In exercising leadership within the school, the Advisory Council role is to ensure that there are structures and processes that enable the community wisdom to be shared.

Advisory Council members are in the privileged position of being able to formulate and offer informed advice to the Canonical Administrator and Principal.
